RINGWOOD NATURAL HISTORY SOCIETY

Godshill Inclosure Walk

Date: 30th September 2026
Weather: A warm day with a slight breeze
Walk Leader: Theresa Holden
Attendees: 13

Walk report and sightings by Liz and Mike Read

We had a lovely relaxing stroll through the woodland seeing quite a few fungi and then out to the view point over looking the Avon Valley for our lunch where we had views over the River Avon. Then we walked back along the road and into the Inclosure again and back to the car park.

Birds	Fungi	Fungi cont.	Flowering Plants
